

LWVNCA NOMINATING COMMITTEE REPORT For 2019-2020

Current (2018-19) Nominating Committee Members:

Melanie Cox, Chair

Wendy Frieman

Geraldine Whitley

Board Appointed:

Andrea Gruhl

Linda Softli

The Chair would like to thank all members of the nominating committee for their hard work and attention to establishing the slate for **officers and directors for 2019-2020**. It was determined by the Committee that having co-presidents would expand the candidates plus would be beneficial with the work ahead for the LWVNCA Board with our Centennial year and national convention approaching.

An extra director position was created with Linda Softli deciding to run as co-president. There were repeated efforts to recruit a director candidate from the District of Columbia League. Despite all efforts we were not successful in identifying a candidate from the DC League. The committee decided to look at possible candidates from the Leagues that would not be represented on the Board. The Fairfax League was identified as was Howard County League which only has representation by the liaison position. The committee then identified a candidate from the Howard County League who has had a breadth and depth of experience on multiple layers of League.

Following the committed work by all Committee members we are pleased to present the slate of officers and directors for the League of Women Voters of the National Capital Area for 2019-2020.
